Premium and Armor Tex Products are batch sensitive and directional in nature. Miramac Metals, Inc. strongly advises against mixing batches. Exact color matches will not be guaranteed. All matching product should be purchased on one order and Miramac Metals, Inc. will not be responsible for any materials that do not match in color or texture.

10" Legacy Board & Batt'n Panel

The 10" Legacy Board & Batt'n Panel is a modern version of the classic board and batten style siding. This panel has been designed with durability in mind. The striations create a unique finish and provide enhanced structure for a user friendly installation.

Available in Premium Colors,
Armor Tex Colors,
and
White (01).

10" Wall Coverage

Denali Plank Siding

The Denali Plank provides a contemporary lap siding look with a concealed fastener. This panel enhances the value of your project with beautiful curb appeal.

Available in Premium Colors,
Armor Tex Colors,
and
All Standard Colors.

12" Wall Coverage

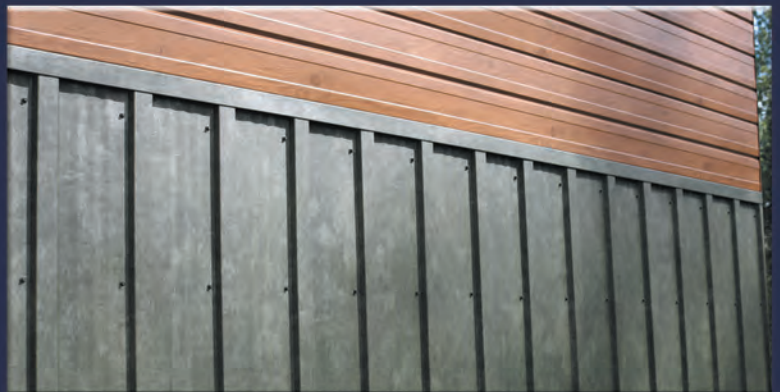

Elite Board & Batt'n Panel

The Elite Board & Batt'n Panel is a through fastened panel with the classic board and batten style look at a more affordable price point.

Available in Premium Colors,
Armor Tex Colors,
and
All Standard Colors.

34" Coverage

Designer Panel

The Designer Panel has a classy profile with a clean finish. When installed vertically or horizontally, use this attractive panel to add texture and color to your project.

Available in Premium Colors,
Armor Tex Colors,
and
All Standard Colors.

32" Wall / 30" Roof Coverage

GR80 SNAP LOCK

The GR80 Snap Lock Panel is a concealed fastener panel with extreme strength. This Panel is designed for superior protection against nature's elements. This panel performs perfectly for both roof and wall applications.

Available in Premium Colors,
Armor Tex Colors,
and
12 Standard Colors.

16" Coverage

APEX PANEL

The Apex Panel is unique and versatile. This siding and roofing panel has a similar finished look to the Snap Lock panel and is a more affordable option with a through fastened design.

Available in Premium Colors,
Armor Tex Colors,
and
All Standard Colors.

36" Coverage

TUFF RIB PANEL

The Tuff Rib Panel is a versatile roofing and siding panel. This panel provides a timeless look for an affordable price.

Available in Premium Colors,
Armor Tex Colors,
and
All Standard Colors.

PBR PANEL

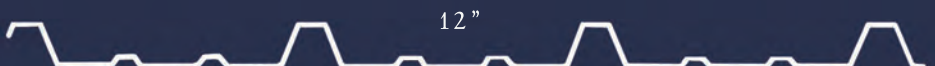

The PBR Panel has enhanced structural integrity and is well suited for light commercial and all steel building projects with higher ribs and deeper shadow lines.

Available in
20 Plus Standard Colors.

36" Coverage

Soffit

Steel Soffit is the best low-maintenance solution for a clean finish. Our steel soffit is manufactured to last and is available in over 30 colors including wood grain finishes.
